

People often go to the supermarket

# FOOD

The next time you are in a supermarket, pay attention to what you see and smell. Usually fresh fruit and vegetables are near the entrance. Is there a reason for this? Yes, there is. Fresh food near the entrance makes people think all the items in the shop are fresh. Why is there a good smell of baking near the bread shelves? The bread is in plastic bags, but the smell (from bakery section) makes people feel hungry and then they buy more. And what is next to the checkout? How many bags of sugar or rice do you see there? How many eggs? None! This is the place for sweets and magazines. People stand in the queue, see the sweets and magazines and buy them, without thinking about how much money they are spending
